

## ADOBE DAM/DESERT HILLS AREA DRAINAGE MASTER PLAN

### PUBLIC MEETINGS

The Flood Control District of Maricopa County (District) is developing the Adobe Dam/Desert Hills Area Drainage Master Plan (ADMP). The ADMP is a comprehensive study of flooding, drainage, and erosion issues within the study area. The District is holding the third and final set of public meetings for the Adobe Dam/Desert Hills ADMP on September 22, 28, and 30, 2004. The purpose of the public meetings is to present the Recommended Alternative. We invite you to attend any one of the three meetings; the same information will be presented at each of the public meetings.

The Recommended Alternative is focused on cost-effective regional drainage measures that are sensitive to the natural and cultural resources and are acceptable to the community. The proposed components of the Recommended Alternative include:

- Channel improvements
- Grade-control structures
- Levees
- Culverts
- Detention basins
- Erosion protection
- Roadway realignments
- Bridges
- Drainage guidelines
- Area-wide flood response plan
- Floodplain delineation studies
- Area-wide voluntary floodway home buyout

This watershed-wide proposed plan will be presented in more detail at the public meetings.

Persons may request special accommodations, such as sign language interpretation, by contacting Michael Book, Logan Simpson Design Inc., 51 West Third Street, Suite 450, Tempe, AZ 85281 (phone: 480-967-1343 or fax: 480-966-9232). Requests should be made as early as possible to allow time to arrange the accommodations. This notice is available in alternative formats by contacting Michael Book at the address/phone number referenced above.
